

Tharusha Thathsara

BSc (Hons) in Information Technology
specializing in Software Engineering
Undergraduate

Profile

I'm a software engineering undergraduate with a passion for developing innovative programs that expedite the efficiency and effectiveness of organizational success. A skilled leader who has the proven ability to motivate, educate and manage a team. Also a hardworking, flexible, enthusiastic and self-motivated individual with a friendly attitude. I believe that I have good interpersonal and communication skills, which makes me getting along and working with people easily.

Personal Information

Name – Tharusha Thathsara
Maheepala.

Birthday – 2003/05/01

Gender – Male

NIC – 200312211585

Expertise

- ♦ UI/UX Design
- ♦ Frontend Development
- ♦ Backend Development
- ♦ Project Managing
- ♦ Debugging/Testing
- ♦ Database Administration

Education

- 2023–Present • **BSc (Hons) in Information Technology specializing in Software Engineering Undergraduate -3rd year**
Sri Lanka Institute of Information Technology (SLIIT)
 - All subjects passed with no repeats
- 2020 – 2022 • **G.C.E. Advance Level**
Siri Piyarathana National Collage, Padukka
 - Passed Engineering Technology Stream 3C's with ICT C pass
- 2014 – 2019 • **G.C.E. Ordinary Level**
Siri Piyarathana National Collage, Padukka
 - 1B 6C's 2S's with Mathematics and ICT C passes
- 2014 – 2019 • **Dhamma Schools Final**
Kirigalpoththa Daham Pasala, Watareka
 - 1C 3S's passes

Skills

Languages

JavaScript | Java |
Kotlin | Python | PHP |
C++ | C

Web Development

ReactJS | HTML5 | NodeJS |
ExpressJS | Tailwind | CSS |
Bootstrap

Mobile Development

Kotlin | Java | XML

Databases

MySQL | MongoDB | SQLite
| MySQL Workbench

Tools & Technologies

- Visual Studio Code
- GitHub
- PHPMyAdmin
- Eclipse
- Android Studio
- Figma
- Postman
- MongoDBCompass

Projects

Online Fashion Store - E-Commerce Platform for Trendy Apparel

- Developed a dynamic and responsive fashion retail website targeting youth and style-conscious shoppers.
- Product Management: Implemented functionalities for product listing, filtering, searching, and detailed product views.
- User Authentication: Integrated secure login and signup with user role-based access for customers and admins.
- Cart and Order System: Designed a smooth cart experience and a complete order placement process with payment integration (test environment).
- Admin Dashboard: Enabled administrators to manage products, categories, user accounts, and monitor order activities.
- **HTML | JavaScript | CSS | MySQL**

Online Grocery Ordering System - Smart Retail Grocery Solution

- Built a web-based grocery ordering system to digitize local grocery shopping for efficiency and convenience.
- Real-Time Product Inventory: Enabled product availability tracking with auto stock updates upon orders.
- User-Friendly Interface: Designed intuitive pages for browsing, adding to cart, and checking out with delivery address selection.
- Order Management: Developed modules for viewing order history, tracking current orders, and cancellation requests.
- Employee Dashboard: Provided tools for grocery staff to manage inventory, view orders, and update delivery statuses.
- Admin Dashboard: Enabled administrators to manage products, categories, user accounts, and monitor order activities.
- **JAVA | PHP | HTML | JavaScript | CSS | MySQL**

FurniHouse - Mobile Furniture-Selling Application

A native Android app built to simplify furniture shopping with a smooth and modern mobile experience.

- Built using **Kotlin** with Android Studio and Gradle.
- Implemented **product browsing, item details, cart, and checkout** features.
- Managed **product listings and user data** with efficient data handling.
- Delivered a clean UI for fast, convenient mobile purchases.
- **Kotlin | Android SDK | Gradle**

WellNest - Family Wellness Management App

A mobile application designed to help families manage their health together by tracking appointments, medical history, and shared care.

- Built using **Kotlin** (native Android) with clean architecture and modern design.
- Enables **family collaboration**: multiple members can share and manage appointments, medications, diagnoses, and vaccination records.
- Provides a **health history tracker** for symptoms, allergies, and diagnosis, which is visible to invited family members.

- Supports **appointment scheduling and reminders**, helping families stay on top of healthcare needs.
- Facilitates **co-management** of health data, so caregivers can view and update critical information.
- **Kotlin | Android SDK | Gradle**

Police360 - Smart Law Enforcement Management System

A full-stack system to manage police complaints, officers, evidence, and case progress efficiently.

- Built **complaint, officer, and case management** modules.
- Designed a **modern React UI** with reusable components.
- Developed **secure REST APIs** with Node.js & Express.
- Added **image/PDF uploads** for evidence using Multer.
- Managed all data in **MongoDB** with a well-structured schema.
- **React.js | Node.js | Express.js | MongoDB | JavaScript | Tailwind CSS**

Extra Curricular Activities

Prefect of School 2012 – 2013
WP/HO/Liyanwala Ananda Samarakoon College

Member of IEEE Club of SLIIT 2024 – present
Sri Lanka Institute of Information Technology

Sports Activities

School Chess Team 2014 – 2018
Siri Piyarathana National College, Padukka
2016 3rd / 2017 sport meet 1st place

School Football Team 2014 – 2018
Siri Piyarathana National College, Padukka
2015 3rd / 2016 2nd / 2017 sport meet 3rd place

I hereby solemnly certify that all the details and information presented within this curriculum vitae are accurate, complete, and true to the best of my knowledge, without any intentional misrepresentation or omission.
